

Experimental determination of the relative biological effectiveness of thermal neutrons

Thursday 28 February 2013 09:50 (20 minutes)

Concentrates on biological effects of thermal neutrons in human chromosomes

Authors: Prof. SCHMID, E. (Institute of cell biology, Universität München); WAGNER, Franz-Michael

Co-authors: ROMM, H. (Federal Office for Radiation Protection, Oberschleißheim); Dr CANELLA, Lea (Forschungs-Neutronenquelle Heinz Maier-Leibnitz (FRM-II), Technische Universität München); Dr SCHMID, T. E. (Klinikum rechts der Isar, Department of radiation oncology)

Presenter: Prof. SCHMID, E. (Institute of cell biology, Universität München)

Session Classification: Talks IV

Track Classification: SAAGAS 24
