Diffusive dynamics (08:30 - 10:25)

time	[id] title	presenter
08:30	[22] Metal borohydrides: from hydrogen storage to electrochemistry	Prof. LODZIANA, Zbigniew
09:10	[59] Heterogeneous dynamics in a Au-Si liquid investigated with quasielastic neutron scattering	Dr EVENSON, Zach
09:35	[26] Shining light on atomic hopping processes - diffusion mechanisms in B2 alloys	Mr STANA, Markus
10:00	[33] Surface friction investigated by neutron scattering	Dr FOUQUET, Peter
