The screenshot shows the Zoom meeting interface. On the left, the chat window is open, showing a public chat for 'GhOST - Helping Users'. The chat window has a title bar with a back arrow and the text 'Öffentlicher Chat'. Below the chat window, there are sections for 'NOTIZEN' (Notices) and 'TEILNEHMER (2)' (Participants), listing 'Ina Lommatzsch (Sie) Gast' and 'Ina Lommatzsch'. At the bottom of the chat window, there is a text input field with the placeholder 'Type here to chat' and a send button.

The main meeting area displays a welcome message for presenters: 'Dear PRESENTER, welcome to the joint poster session of the MLZ User Meeting and DN2020!'. Below the message, there are instructions for presenters regarding camera use and muting. At the bottom of the meeting area, there are icons for microphone, video, and chat, each with a red circle around it and a red text instruction: 'Click here to (de)mute your mic and turn on/ off your camera.'.

On the right side of the meeting area, there is a menu with options: 'Als Vollbild darstellen', 'Einstellungen öffnen', 'Versionsinfo', 'Hilfe', 'Tastaturkürzel', and 'Ausloggen'. The 'Ausloggen' option is circled in red, with a red text instruction: 'Click here for options' and 'Leave the room'.

At the bottom of the meeting area, there are three red text instructions: 'Click to hide the chat', 'Click to hide/show the userlist', and 'Click here for options (e.g. logout)'. Each instruction points to a corresponding icon in the meeting interface.

At the bottom right of the meeting area, there is a red text instruction: 'View in full screen' pointing to the full screen icon.

In order to show more of the poster, both side panels (chat as well as messages) can be moved or even hidden. This has to be done by both, the presenter as well as the visitor.
