

MLZ User Meeting & German Neutron Scattering Conference 2020

Wednesday, December 9, 2020

MLZ Users 2020: Plenary talks (9:00 AM - 12:30 PM)

-Conveners: Juergen Neuhaus

time	[id] title	presenter
9:00 AM	[255] Update on MLZ	MÜLLER-BUSCHBAUM, Peter FÖRSTER, Stephan
9:30 AM	[249] Structural disorder in photovoltaic absorber materials: insights by neutron diffraction	SCHORR, Susan
10:15 AM	[247] A study of vacancy-type defects in wide-gap semiconductors by means of positron annihilation spectroscopy	Prof. UEDONO, Akira
11:00 AM	Break	
11:15 AM	[254] How much information is in my scattering data? Some recent approaches to the structure of microgels, polymers and nanoparticles.	OBERDISSE, Julian
12:00 PM	[257] What has the MLZ User Committee been doing? How can it help?	RENNIE, Adrian
