

# MLZ Conference 2021: Neutrons for Life Sciences

## Thursday, 10 June 2021

### **Biological processes (09:00 - 10:30)**

-Conveners: Andreas Stadler

time	[id] title	presenter
09:00	[85] Neutron Scattering Experiments Under (in-situ) Illumination	PIEPER, Jörg
09:30	[7] Fusion mechanisms of small extracellular vesicles with model membranes	RONDELLI, Valeria
09:50	[73] Changes in chromatin organization induced by macromolecules and protein complexes as a possible mechanism for epigenetic regulation	LEBEDEV, Dmitry
10:10	[61] Phytochrome function: structural changes and protonation dynamics	Prof. HUGHES, Jon
