

# European Conference on Neutron Scattering 2023

## Wednesday, 22 March 2023

### Fundamental Physics - SCC/0-002 - Taurus 1&2 (14:00 - 15:30)

-Conveners: Bastian Märkisch

time	[id] title	presenter
14:00	[459] Fundamental physics possibilities at the European Spallation Source	SANTORO, Valentina
14:30	[312] Beam EDM - A beam experiment to search for the neutron electric dipole moment	FRATANGELO, Anastasio
14:50	[394] Reanalysis of the of $\beta$ - $\bar{\nu}_e$ angular correlation measurement aSPECT with new constraints on Fierz interference	SCHMIDT, Ulrich
15:10	[189] Weak and Which-Way Measurements in Neutron Interferometry	Dr SPONAR, Stephan
