

European Conference on Neutron Scattering 2023

Thursday, 23 March 2023

Cultural Heritage - SCC/0-001 - Lecture hall (11:00 - 12:30)

-Conveners: László ROSTA; Christian Stieghorst

time	[id] title	presenter
11:00	[237] Neutron imaging applications in cultural heritage at ISIS	SCHERILLO, antonella
11:30	[339] A non-destructive quantitative determination of the crystalline phase content in historical mosaic glasses through Time-Of-Flight Neutron Diffraction	MARCUCCI, Giulia
11:50	[426] Application of small angle neutron scattering to investigate archaeological pottery production technologies	LEN, Adél
12:10	[439] Neutron/X-ray scattering studies of waterlogged archaeological wood	PLAZA, Nayomi
