

# European Conference on Neutron Scattering 2023

## Wednesday, 22 March 2023

### Bulk Magnetism 1 - MW 2 001 - Lecture hall (16:00 - 18:00)

-Conveners: Chris Stock; Astrid Schneidewind

time	[id] title	presenter
16:00	[222] Exploring the fluctuation-induced first-order phase transition in MnSi using neutron scattering	JOCHUM, Johanna K.
16:30	[447] Field-induced phase transitions in $\text{Yb}_3\text{Fe}_5\text{O}_{12}$	Dr PEÇANHA-ANTONIO, Viviane
17:00	[479] Small-angle neutron scattering of kinetically driven skyrmion lattice motion	METTUS, Denis
17:20	[55] Chiral Magnons in Multiferroic $\text{Ni}_3\text{TeO}_6$	LASS, Jakob
17:40	[435] Helimagnets by disorder: its role in the high- $T_c$ spiral magnet $\text{YBaCuFeO}_5$	Dr ROMAGUERA, Arnau
