

# European Conference on Neutron Scattering 2023

## Thursday, 23 March 2023

### Bulk Magnetism 2 - MW 2 001 - Lecture hall (11:00 - 12:30)

-Conveners: Kristiaan Temst; Denis Mettus

time	[id] title	presenter
11:00	[314] Control of the emergent inductance in helimagnet YMn <sub>6</sub> Sn <sub>6</sub> via Tb substitution	WHITE, Jonathan
11:30	[434] Complex magnetic orders and the emergent topological Hall effect in the kagome metal ErMn <sub>6</sub> Sn <sub>6</sub>	Mr ZHOU, Yishui
11:50	[344] Neutron diffraction in MnSb <sub>2</sub> O <sub>6</sub> : Coupled chiralities in a polar magnet	CHAN, Edmond
12:10	[282] Chemical Tailoring of Double Exchange in Mixed Valence Diiron Molecules	CHRISTIANSEN, Rasmus Tang
