

# European Conference on Neutron Scattering 2023

## Monday, March 20, 2023

### Magnetic Structures - MW 0 001 - Lecture hall (2:00 PM - 4:00 PM)

-Conveners: Martin Meven; Romain Sibille

time	[id] title	presenter
2:00 PM	[107] Controlling the magnetic structure in W-type Hexaferrites	MØRCH, Mathias
2:30 PM	[43] Revisiting the antiferromagnetic structure of $\text{Tb}_{14}\text{Ag}_{51}$ . The importance of distinguishing alternative symmetries for a multidimensional order parameter	Dr POMJAKUSHIN, Vladimir
3:00 PM	[247] Nuclear Magnetic Ordering in Naphthalene	STEINER, Jakob
3:20 PM	[316] Redetermination of the incommensurately modulated magnetic structure of CrAs	FRIESE, Karen
3:40 PM	[515] Magnetism and dynamics in multiferroic antiferromagnet $\text{Ba}_2\text{CoGe}_2\text{O}_7$	Dr DUTTA, Rajesh
