

European Conference on Neutron Scattering 2023

Thursday, 23 March 2023

Structure & Dynamics - MW 0 001 - Lecture hall (11:00 - 12:30)

-Conveners: Werner Schweika; Karen Friese

time	[id] title	presenter
11:00	[380] Neutron-driven exploration of the ice phase diagram	DEL ROSSO, Leonardo
11:30	[206] Investigation of C ₂ H ₄ and Ag exchanged Zeolites interaction by Inelastic Neutron Scattering and DFT calculations	ALMEIDA, Gabrielli
11:50	[455] Adsorption and separations processes within metal-organic frameworks through neutron scattering	BROWN, Craig
12:10	[217] Transport properties of H ₂ confined in carbide-derived carbons with different pore shapes and sizes	HÄRMAS, Riinu
