

European Conference on Neutron Scattering 2023

Monday, 20 March 2023

Proteins & Peptides seen by Neutrons - MW 2 001 - Lecture hall (11:00 - 12:30)

-Conveners: Tommy Nylander; Michaela Zamponi

time	[id] title	presenter
11:00	[89] Diffusive Dynamics of Bacterial Proteome as a Proxy of Cell Death	PETERS, Judith
11:30	[166] Hemoglobin diffusion and polymerization in HbF _x HbS _{1-x} compounds	LONGEVILLE, Stéphane
11:50	[130] Organisation of photosynthetic thylakoid membranes during simulated coral bleaching - a SANS study	GARVEY, Christopher
12:10	[78] Influence of polarisation analysis on buffer subtraction	Dr SARTER, Mona
