

European Conference on Neutron Scattering 2023

Wednesday, March 22, 2023

Bio-inspired Soft Matter Systems - MW 0 001 - Lecture hall (4:00 PM - 6:00 PM)

-Conveners: Tobias Schrader; Valeria Rondelli

time	[id] title	presenter
4:00 PM	[382] Moisture dependent phonon transport and scattering in nanocellulose	Ms ÅHL, Agnes
4:30 PM	[471] Self-Assembly and Electrostatic interactions in Deep Eutectic Solvents	JACKSON, Andrew
5:00 PM	[19] Hydration water dynamics between DMPE (1,2-dimyristoyl-sn-glycero-3-phosphoethanolamine) phospholipid bilayers by quasi-elastic neutron scattering	Mr RAHMAN, Md. Khalidur
5:20 PM	[234] Understanding membrane damage during freezing using neutron scattering	BRYANT, Gary
5:40 PM	[480] CANCELLED!!!!!!! New insights in stability of protein-based and lipid nanoparticles solutions using SANS/WANS techniques.	CRISTIGLIO, Viviana
