

European Conference on Neutron Scattering 2023

Wednesday, 22 March 2023

Engineering 2 - SCC/0-001 - Lecture hall (11:00 - 12:30)

-Conveners: Markus Strobl; Michael Schulz

time	[id] title	presenter
11:00	[360] Investigation of hydrogen distribution in hybrid Ti-Mg implant materials using neutron tomography	KUMAR, Richi
11:30	[147] CANCELLED!!!!!! In-situ Neutron Imaging Study on Ammonia Sorbents for Novel Ammonia Synthesis Routes	KARABANOVA, Anastasiia
11:50	[163] Polarization contrast neutron imaging of magnetic phases in additively manufacturing specimens	BUSI, Matteo
12:10	[238] Targeted use of residual stress in electrical steel to increase energy efficiency	SEBOLD, Simon
