

European Conference on Neutron Scattering 2023

Tuesday, March 21, 2023

Functional Materials 1 - MW 2 001 - Lecture hall (11:00 AM - 12:30 PM)

-Conveners: Pavel Strunz; Ralph Gilles

time	[id] title	presenter
11:00 AM	[432] Neutron diffraction and imaging of degradation and sodium storage process in sodium-ion batteries.	BATTAGLIA, Domenico
11:30 AM	[106] Hydrogen motion in $\text{Li}_4\text{BH}(\text{NH}_2)_3$ investigated by Quasielastic Neutron Scattering (QENS)	LOHSTROH, Wiebke
11:50 AM	[109] Hydrogen storage in high-entropy alloys studied by neutron scattering methods	Prof. HAUBACK, Bjørn
12:10 PM	[104] Investigating the Formation and Lithiation of Silicon-based Anodes by Neutron Depth Profiling	GROSSMANN, Lukas
