

European Conference on Neutron Scattering 2023

Monday, March 20, 2023

Neutron Methods - MW 0 001 - Lecture hall (11:00 AM - 12:30 PM)

-Conveners: Mogens Christensen; Christian Franz

time	[id] title	presenter
11:00 AM	[7] Uniaxial Control of Quantum Matter	SIMUTIS, Gediminas
11:30 AM	[310] Recent advances in the development of holographic optical components for very cold and cold neutrons	Mr HADDEN, Elhoucine
11:50 AM	[193] Recent Progress in the use of time-of-flight SESANS and other Larmor precession techniques on Larmor.	DALGLIESH, Robert
12:10 PM	[40] Fast neutron inelastic scattering technique for characterization of rare-earth elements in magnetic materials	Dr MELESHENKOVSKII, Iaroslav
