

## **Session Program**

**Mar 20 - 23, 2023**

**EUROPEAN  
CONFERENCE  
ON NEUTRON  
SCATTERING**

# **European Conference on Neutron Scattering 2023**

## **Neutron Methods**

Campus Garching  
Garching/ Germany

# Mon, March 20

11:00 AM

## Neutron Methods

**Session** | **Location:** Fakultät für Maschinenwesen, MW 0 001 - Lecture hall | **Conveners:**  
Mogens Christensen, Christian Franz

11:00 - 11:30 AM

### Uniaxial Control of Quantum Matter

**Speaker**

Gediminas Simutis

11:30 - 11:50 AM

### Recent advances in the development of holographic optical components for very cold and cold neutrons

**Speaker**

Mr Elhoucine Hadden

11:50 AM - 12:10 PM

### Recent Progress in the use of time-of-flight SESANS and other Larmor precession techniques on Larmor.

**Speaker**

Robert Dalgliesh

12:10 - 12:30 PM

### Fast neutron inelastic scattering technique for characterization of rare-earth elements in magnetic materials

**Speaker**

Dr Iaroslav Meleshenkovskii

12:30 PM
