

European Conference on Neutron Scattering 2023

Monday, 20 March 2023

Spectroscopy - SCC/0-001 - Lecture hall (14:00 - 16:00)

-Conveners: Robert Bewley; Robert Georgii

time	[id] title	presenter
14:00	[82] First results on the Wide Angle Neutron Spin Echo (WASP)	FALUS, Peter
14:30	[359] Crystof: A thermal spectrometer for HBS	VOIGT, Jörg
15:00	[117] BIFROST - An extreme environment cold neutron spectrometer at the European Spallation Source	TOFT-PETERSEN, Rasmus
15:20	[315] Marmot : Multiplexed Analyzer system with continuous energy analysis	STEFFENS, Paul
15:40	[202] SHERPA: a backscattering instrument with polarisation analysis	Dr SILVERWOOD, Ian
