

# European Conference on Neutron Scattering 2023

## Thursday, 23 March 2023

### Sample Environment - SCC/0-002 - Taurus 1&2 (11:00 - 12:30)

-Conveners: Alexander Holmes; Sebastian Jaksch

time	[id] title	presenter
11:00	[283] Recent developments in soft-matter related sample environments at the Institut Laue Langevin	CHIAPPISI, Leonardo
11:30	[98] Using an industrial robot system at STRESS-SPEC for high accuracy neutron strain measurement	HOFMANN, Michael
11:50	[451] Science 4.0 approach for sample preparation	ČERMÁK, Petr
12:10	[125] High transmission, low-scattering neutron window material – a glass that is not fragile	RENNIE, Adrian
