

MLZ Conference: Neutrons for Energy

Thursday 21 July 2016

Joint Session MLZ/MML: Methods (Chair: Sebastian Busch) (14:00-15:50)

time	[id] title	presenter
14:00	[70] Neutron imaging techniques for the study of energy related materials, structures and processes	Dr LEHMANN, Eberhard
14:50	[34] Neutron imaging applications for energy research	SCHULZ, Michael
15:10	[27] Neutron depth profiling at the focused neutron beam of MARIA: towards studies of Li kinetics in all solid state batteries.	Dr VEZHLEV, Egor
15:30	[39] Neutron Imaging of Complex Metal Hydrides	MÜLLER, Martin
