Session VII: Catalysis (Chair Mikhail Feygenson)

Session |**Location:** Hotel Wyndham Grand Axelmannstein, Bad Reichenhall, Germany, Salzburger Str. 2-6 83453 Bad Reichenhall

11:00-11:50

Industrial applications of neutron scattering in catalysis

Speaker

Dr Peter Albers

11:50-12:10

Investigating guest selectivity and dynamics in porous framework materials using in situ neutron scattering and computational approaches

Speaker

Josie Auckett

12:10-12:30

Proton dynamics of phosphoric acid in the catalytic layer of gas diffusion electrodes for HT-PEFC

Speaker

Dr Marina Khaneft

12:30
