

NINMACH 2013

Monday, 9 September 2013

Neutron Imaging II: Radiography and Tomography II - HS 1 (15:20 - 17:45)

-Conveners: Susan Herringer; Marie Woerle; Filomena Salvemini; Lucia Mancini

time	[id] title	presenter
15:20	[6] Advanced hard X-ray imaging techniques applied to archaeology and palaeontology: a tool complementary to neutron imaging	Dr MANCINI, Lucia
16:00	[58] Computed tomography meets highlights of the state archeological inventory – virtual excavation and reconstruction	Mrs EBINGER-RIST, Nicole
16:20	[26] Non-invasive characterization of ancient Japanese helmets through Neutron Imaging	Mrs SALVEMINI, Filomena
16:40	[53] Neutron imaging, a non-destructive method for the study of mobile cultural heritage. A close collaboration with the Neutra team at the PSI	Dr WOERLE, Marie
17:00	[41] Investigating Production Technology with Neutron Tomography	Ms HERRINGER, Susan
