## Halogenide-sodalites: Thermal expansion, decomposition and the Lindemann criterion

*Tuesday, 15 March 2022 18:14 (1 minute)*

The correlation between thermal expansion, Debye temperature and the Lindemann criterion will be discussed

**Primary author:** WOLPMANN, Marius (Chemische Kristallographie fester Stoffe, Universität Bremen, Germany)

**Co-authors:** ROBBEN, Lars; GESING, Thorsten

**Presenter:** WOLPMANN, Marius (Chemische Kristallographie fester Stoffe, Universität Bremen, Germany)

**Session Classification:** Postersession

**Track Classification:** Main conference: Structure property relationships
