

DGK conference 2022

Thursday, 17 March 2022

COVID-19 Research (09:00 - 10:40)

-Conveners: Manfred Weiss

time	[id] title	presenter
09:00	[54] Using AlphaFold to understand multi-domain proteins from SARS-CoV-2	Mr EDICH, Maximilian
09:20	[211] Inhibitor screening and structural characterization of virulence factors from SARS-CoV-2	Dr CHATZIEFTHYMIU, Spyros
09:40	[167] The SARS-CoV-2 main protease as a target for antivirals: Crystal structures, new inhibitors, and mutants	HILGENFELD, Rolf
10:20	[242] Characterization of protein family wide chemical probe and chemogenomics sets by structure based hit finding and development	KNAPP, Stefan
