

DGK conference 2022

Tuesday, 15 March 2022

Advances in Methods and Techniques (09:00 - 10:40)

-Conveners: Elena Sturm

time	[id] title	presenter
09:00	[32] Ultra-fast multi-wavelength pyrometer for high temperature measurements	BELIKOV, Roman
09:20	[37] Elucidating the local structure of carbon nitride materials using electron energy-filtered radial distribution function analysis	PIANKOVA, Diana
09:40	[43] Neural network-based analysis of high-resolution transmission electron microscopy images of ultrasmall metallic nanoparticles	GUMBIOWSKI, Nina
10:00	[57] On the Cutting Edge of Electron Diffraction Quality	HOVESTREYDT, Eric
