

MLZ Conference: Neutrons for Health

Wednesday, 28 June 2017

Oral presentations IV (13:00 - 15:00)

time	[id] title	presenter
13:00	[61] A passive mechanism of antibiotic resistance - the Impermeable Bacterial Outer Membrane	LAKEY, Jeremy
13:30	[63] Neutron Reflectometry yields distance-dependent structures of interacting membranes displaying synthetic polymers and wild-type bacterial lipopolysaccharides	RODRIGUEZ-LOUREIRO, Ignacio
13:50	[78] Structure and Fluctuations of Lipid Nonlamellar Phases Deposited at the Solid-Liquid Interface	SOLTWEDEL, Olaf
14:10	Coffee Break
