

Session Program

May 13 - 16, 2018

CREMLIN workshop: Engineering for advanced neutron instrumentation and sample environment

Session III: Special aspects of sample environment

New Peterhof Hotel
New Peterhof Hotel, St. Petersburg Avenue 34, Peterhof, Russia

Mon, May 14

4:00 PM

Session III: Special aspects of sample environment

Session | **Location:** New Peterhof Hotel, New Peterhof Hotel, St. Petersburg Avenue 34, Peterhof, Russia

16:00 - 16:20

Dilatometer for neutron diffraction in-situ investigations

Speaker

Ms Victoria Kononikhina

16:40 - 17:00

High pressure cells for neutron scattering

Speaker

Ravil Sadykov

17:00 - 17:20

Pulsed Laser Deposition cell for in-situ experiments with neutron reflectometry

Speaker

Dr Alexander Goikhman

17:20 - 17:40

Neutron scattering experiments under illumination and with time-resolution

Speaker

Dr Maksym Golub

5:40 PM
