

Session Program

17-19 Sept 2018

German Conference for Research with Synchrotron Radiation, Neutrons and Ion Beams at Large Facilities

Keynote

Fakultät für Maschinenwesen der Technischen Universität München
Boltzmannstraße 15 85748 Garching b. München

Monday 17 September

10:00

Keynote

Session | **Location:** Fakultät für Maschinenwesen, MW 2001

10:00–10:30

Operando XAS Investigations on multi-metallic Nanomaterials for electrocatalytic Applications

Speaker

Mehtap Özaslan

10:30

14:00

Keynote

Session | **Location:** Fakultät für Maschinenwesen, MW 2001

14:00–14:30

Secondary Neutral and Ion Mass Spectrometry with Swift Heavy Ion Projectiles

Speaker

Prof. Andreas Wucher

14:30

Tuesday 18 September

10:00

Keynote

Session | **Location:** Fakultät für Maschinenwesen, MW 2001

10:30

10:00–10:30

Magnetic excitations in the quadrupolar ordered CeB₆

Speaker

Dmytro Inosov

Wednesday 19 September

09:45

Keynote

Session | **Location:** Fakultät für Maschinenwesen, MW 2001

09:45–10:15 **Interaction of highly charged ions with surfaces and 2D materials**

Speaker

Prof. Friedrich Aumayr

10:15

10:45

Keynote

Session | **Location:** Fakultät für Maschinenwesen, MW 2001

10:45–11:15 **X-Ray Spectroscopy of Multifunctional Oxides**

Speaker

Martina Müller

11:15
