

German Conference for Research with Synchrotron Radiation, Neutrons and Ion Beams at Large Facilities

Wednesday, 19 September 2018

Parallel session 9: Catalysis and others - MW 2001 (11:15 - 12:15)

time	[id] title	presenter
11:15	[354] LISEL@DREAMS – The future of Accelerator Mass Spectrometry	FORSTNER, Oliver
11:30	[232] Revealing Catalyst Complexity in 3D with Synchrotron X-ray Nanotomography	Dr SHEPPARD, Thomas
11:45	[238] Characterization of nanostructured iridium oxide-based electrocatalysts using advanced x-ray analytics	Dr GARCIA-DIEZ, Raul
12:00	[380] Catalysts and reactors under dynamic reaction conditions for energy storage and energy conversion	GRUNWALDT, Jan-Dierk
